Vergangene Ausgaben

Aus dem Grund, der unten in der Meldung „Netzstelle-...“ angegeben ist, werden die **Infos Nr. 195 bis Nr. 200** wieder hochgeladen. Ich weiß nicht genau, wann der Provider - ohne *Verständigung davor oder danach* – meine alte Netzstelle gelöscht hat, vermutlich im Spätsommer.

Sagreras' Volume Six

Italo Oliva Tamburello, Rome, has studied thoroughly the entire “Las Sextas Lecciones” by Julio Sagreras which contains 30 *lecciones* (pieces), over the last one and half years or so. This is a feat no living guitarist has undertaken - that I know of, anyway. About all items are very or extremely challenging, i.e. difficult, especially left hand-wise as well as music-wise. It is not a coincidence that just a few *lessons* from the sixth volume are posted on YouTube. Of course, Italo knows volumes

1-5 very well, too. The expert and researcher also analyses the musical structure of every piece. He points out that if one doesn't love the music, such work (i.e. studying the entire book) is senseless.

Italo Tamburello, a lawyer, is also highly knowledgeable in guitar making in general and historic guitars, as well as posture and several other guitar subjects. (Opinions hardly count, if at all.)

M. Restivo / L. Sorci – CD

Uno dei recenti acquisti è un CD del chitarrista romano Mauro Restivo, inciso insieme alla cantante **Luisa Sorci**, con un'antologia di canzoni popolari romane. Il CD uscì nel 2014.

Paolo Ambroso

Il chitarrista ed insegnante di Rovigo, 41 anni, ha perso la vita in un incidente avvenuto il 27 settembre durante un'escursione in montagna in Friuli, in compagnia di un amico. Ambroso era assai at-

tivo e creativo sia in fatto di musica che di liuteria ed ha anche collaborato con il noto liutaio napoletano Alessandro Marseglia per progetti innovativi. Lo conobbi nel 2004 ad un corso di Alirio Diaz ad Otranto.

Transcriptions by Carlo Marchione

If you order from him, i.e. his website, you get a pdf copy of the sheet music right away, with the nice graphic-designed cover. Over the last three-four years or so Marchione has written and released a large and varied number of transcriptions through his own publishing company which delivers online.

Marchione sets his version of Scarlatti's Sonata K 491 in the key of G, a fourth higher than David Russell. A short introduction to the piece is provided, as well. By the way, this Sonata in Russell's version is contained in Ji Hyung Park's (2nd at the Alessandria competition 2017) remarkable recent Naxos CD.

All-new website project nearing completion

If everything goes well, my completely new website will be on the net at the end of November or in early December. It will be different from the old one regarding everything. Updated, comprehensive information is its main feature. Care has been taken in laying out a clear structure of the diverse areas, contents and offerings. Please visit it.

Netzstelle-Projekt vor Fertigstellung

Wenn alles nach Plan geht, wird meine komplett neue Netzstelle Ende November oder Anfang Dezember im Netz sein. Sie wird von der alten in jeder Hinsicht verschieden sein. Aktualisierte und umfassende Information ist das Hauptmerkmal. Auf die Übersichtlichkeit der vielfältigen Bereiche, Angebote und Inhalte wurde besonders geachtet. Bitte besuchen.

Diese Nachricht wurde verfasst bevor ich zufällig erfuhr, dass der Provider aufgrund von schweren Fehlern meine Netzstelle ohne irgendeine Verständigung, weder davor noch danach, gelöscht hatte.

Rome - "Expo Guitars" 2021 set

The dates of the important yearly fair-like guitar making event are May 14-16, 2021, about two months later than usual. In 2020 it had to be called off at short notice (it was scheduled for mid-March, just a few days after the beginning of the massive national lockdown, but the organizers had taken the decision before, already).

The event, which focuses on both renowned and "young" Italian makers, starts Friday evening with a recital. The location is the same as in the past years. Well, let's hope.

Studio ausgebucht

Nach der Anmeldung einer neuen Schülerin Mitte Oktober ist dieses Gitarre-Lernstudio bis Ende des Jahres leider bereits ausgebucht. Neue Schüler und/oder „alte“ Schüler, die sich nach einiger Zeit wieder anmelden, können aber im Jänner, gleich nach den Feiertagen, mit dem Unterricht beginnen. Die **Anmeldung** ist ab sofort möglich. Achtung: wenige Plätze!

Master class mensile di Pier Luigi Corona a Cervignano (Friuli)

Dieci appuntamenti mensili (sempre di sabato) da fine ottobre 2020 ad inizio luglio 2021. Il corso di perfezionamento è promosso dalla Associazione musicale e culturale Luigi Cocco. Il numero degli effettivi è limitato ad otto. (Il sottoscritto vi partecipa.)

Il prossimo (secondo) appuntamento avrà luogo il **28 novembre**. Per informazioni rivolgersi al **334-726 3366**.

Konzerte abgesagt

Die Veneto-Tournee von **Pier Luigi Corona** mit dem *Concierto de Aranjuez* mit Kammerorchester musste aufgrund des Dekrets des Ministerpräsidenten vom 25. Oktober (sehr) kurzfristig abgesagt werden. Der erste Termin wäre bereits am 1. November gewesen, der letzte am 23.11. Die vier Termine werden voraussichtlich 2021 nachgeholt.
